

Update on ESMValTool consortium

ESMValTool consortium

Consortium members will:

- contribute 1FTE to ESMValTool development
- vote on steering group, to decide strategic direction of development

co-PIs: DLR & Met Office

- co-chair steering group, and deciding vote
- visible leaders of the consortium

 **Met Office**

SMHI

**Natural
Environment
Research Council**

netherlands

eScience center

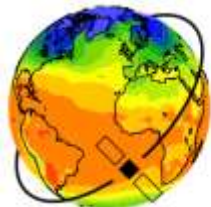

**Barcelona
Supercomputing
Center**

Centro Nacional de Supercomputación

DLR

ESMValTool

Earth System Model Evaluation Tool

Consortium partners

ESMValTool contributor license agreement

Contributor License Agreement

- All contributors will need to sign the CLA before PR's can be merged – agreed in the Consortium Agreement
- Why? Protect the consortium partners from:
 - Action by a contributor for distributing their code without permission
 - Action from a 3rd party rights owner if contributor doesn't own rights
- Theo Geddes successfully tested implementation of "CLA assistant". Met Office will administer.
- This integrates smoothly with GitHub so that user just clicks a button on their first submission

First PR will ask user to sign

CLA not signed yet

Thank you for your submission! We really appreciate it. Like many open source projects, we ask that you sign our [Contributor License Agreement](#) before we can accept your contribution.

You have signed the CLA already but the status is still pending? Let us [recheck](#) it.

Some checks haven't completed yet

1 pending check

license/cia Waiting for status to be reported — Contributor License Agreement is not signed yet.

No conflicts with base branch

Merging can be performed automatically.

Once signed – all future PRs
